**RESPONSE TO OFFICE ACTION**

The above-identified application has been carefully reconsidered in view of the Office Action mailed December 12, 2006. Early and favorable reconsideration and allowance of the application are respectfully requested.

Applicant respectfully points out that although the Examiner refers to "United States Patent Number US 5,678,562, Sellers, et al." (*sic*), the rejection comprising the Office Action is actually based on Phipps patent number 6,579,231 issued June 17, 2003. In support thereof applicant points to the column and line number references comprising pages 3-6, inclusive, of the Office Action which are clearly directed to the Phipps patent and not to the Sellers patent. Therefore, the following remarks are directed to the disclosure of the Phipps reference.
